City of Cambridge

Community Development Department

Development Log – March - June 2004

The Development Log was started to keep an active record of large-scale development projects occurring in the City of Cambridge. The Log, updated on a bi-monthly basis, is distributed to City departments to keep them posted of development progress from permitting and construction to completion. Criteria for the Log include:

- ◆ Commercial projects totaling over 50,000 square feet and any which have a significant impact on the neighborhood in which it is located.
- ◆ Residential projects of eight or more units that are new construction or rehab/renovation projects that alter the existing use either by adding to or subtracting from the existing number of units or square footage.
- ◆ All use-conversion projects.
- ◆ All municipal projects in which a cross section of City departments may have an interest and all which are considered significant.

This document can be found on the City's website at: www.cambridgema.gov/~CDD/econdev/devlog/index.html

Forward any questions or comments about the Development Log to:
